**Box No. II** Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)

This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:

1. ☐ Claims Nos.:  
because they relate to subject matter not required to be searched by this Authority, namely:
2. ☐ Claims Nos.:  
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:
3. ☐ Claims Nos.:  
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).

**Box No. III** Observations where unity of invention is lacking (Continuation of item 3 of first sheet)

This International Searching Authority found multiple inventions in this international application, as follows:

The special technical feature of the inventions in Claims 1, 2, 4, and 8-12 is to set the installation intervals of the jetting holes so that, when the acceptor is formed in the recessed shape with a diameter of D, at least one gas or liquid jetting hole is present in the area of constant  $x \times D$ .

The special technical feature of the inventions in Claims 3 and 5-7 is to install a jetting hole open/close means having the open/close pivot on the operator side.

The special technical feature of the inventions in Claims 13 and 14 is to  
(continued to extra sheet)

1. ☒ As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.
2. ☐ As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.
3. ☐ As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:
4. ☐ No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims: it is covered by claims Nos.:

**Remark on Protest**

- ☐ The additional search fees were accompanied by the applicant's protest and, where applicable, the payment of a protest fee..
- ☐ The additional search fees were accompanied by the applicant's protest but the applicable protest fee was not paid within the time limit specified in the invitation.
- ☒ No protest accompanied the payment of additional search fees.

control the attribute of sound generated by the sound emitting means according to the position or orientation of the virtual object or the acceptor.

As a result, it is clear that Claims 1, 2, 4, and 8-12, Claims 3 and 5-7, and Claims 13 and 14 do not fulfill the requirement of unity of invention.
